Back Matter
PUBLICATIONS OF THE PROFESSIONAL STAFF OF THE HENRY FORD HOSPITAL AND THE EDSEL B. FORD INSTITUTE FOR MEDICAL RESEARCH FOR 1952

*Bartlett, P. D. Endocrine regulation of the rate of protein synthesis and size of the nitrogen pool. FED. PROC. 11:184, March 1952.

Dill, J. L. and Bolstad, D. S. Further observations on the local use of cortisone in the nose in allergic rhinitis. TR. AM. ACAD. OPHTHAL. & OTOLARYNG. 52:214-219, March-April, 1952.

*From Edsel B. Ford Institute for Medical Research.
Fallis, L. S. Gastric and jejunal alimentation with fine polyethylene tubes. ARCH. SURG. 65: 373-380, Sept. 1952.

*Gaebler, O. H., Beher, W. T. and Crigger, E. M. Conjugation of benzoic and phenylacetic acids during nitrogen storage induced with growth hormone or testosterone propionate. To appear in AM. J. PHYSIOL.

*Gaebler, O. H. and Mathies, J. C. Significance of changes in renal and hepatic L-glutamic acid dehydrogenase activity in hypophysectomized or normal rats treated with growth hormone or thyroxin. To appear in ENDOCRINOLOGY.

Goodrich, B. E. Pulmonary period of mitral stenosis. TR. NAT. TUBERC. ASS. v. 48, 1952.

Gore, I. Primary malignant tumors of nerve; a report of eight cases. CANCER 5:278-296, March 1952.

Hodgkinson, C. P. and Margulis, R. Evaluation of the safety of corticotropin (ACTH) and cortisone in pregnancy. To appear in OBST. & GYNEC.

James, T. N. Enterococcal endocarditis. ARCH. INT. MED. 90:646-652, Nov. 1952.

Olson, J. A. ACTH and cortisone in treating eye conditions. SIGHT SAVING REV. 22:75-81, 1952.

*Parsons, J. Radiopaque renal calculus identified as cystine by x-ray diffraction. RADIOLOGY 58:878-880, June 1952.

Pratt, J. P. Abdominal exploration; results during pelvic operations. To appear in OBST. & GYNEC.

*Preuss, L. E. A simple agitation device for highly radioactive volumetric flasks. To appear in J. SCI. INSTR.

*Preuss, L. E. Self calibrating pipette for remote colloidal Au¹⁹⁸ transfers. To appear in NUCLEONICS.

Ziegler, R. F. and Lam, C. R. Diagnosis and treatment of congenital cardiovascular defects in infants. To appear in POSTGRAD. MED.
