The Henry Ford Hospital Medical Association will hold its Semicentennial Meeting October 15 and 16, 1965. The celebration of this event will consist of a scientific program, the details of which follow:

There will be a cocktail and dinner party at the Statler Hotel Friday evening, October 15th. At this dinner meeting Mr. Benson Ford, Chairman of the Board of Trustees, will speak on The Accomplishments of 50 Years. Dr. Robin C. Buerki will be heard on National Trends in Health Care. A special invitation is extended to the wives of former and present staff physicians to attend this meeting.

Plans for the ladies include a luncheon in the Great Hall — the Rivera Room — at the Art Institute on Friday, at 12:30 P.M., followed by a one hour guided tour of the museum. On Saturday morning at ten o'clock there will be a tour of Fairlane, former home of Mr. and Mrs. Henry Ford in Dearborn.

The Henry Ford Hospital is happy to announce the appointment of Dr. W. Pierce Smith as the Chief of the First Medical Division of the Henry Ford Hospital.

Dr. Smith was born March 31, 1923 in Canajoharie, New York. During the Second World War he was captain and group lead pilot in the 15th U. S. Army Air Force, seeing service in Italy. He attended Yale University, New Haven, Connecticut where he received his B.S. degree in 1947. He was the ranking scholar of candidates for the Bachelor of Science Degree. He is a member of the Phi Beta Kappa Society from Yale University. He attended Columbia University, taking his M.D. degree at the College of Physicians and Surgeons. He was designated a member of the Alpha Omega Alpha Society there. Dr. Smith served his internship and his first year residency at the Presbyterian Hospital in New York City. He did further work as a resident at the Massachusetts General Hospital, Boston, Massachusetts in 1956. He then was a resident for one year in the Renal, Metabolic, and Endocrine Disorders Division of the Boston Veterans Administration Hospital, Boston, Massachusetts. Dr. Smith came to the Henry Ford Hospital in 1958. He is a diplomate of the American Board of Internal Medicine and an associate of the American College of Physicians.
Please note the following corrections for the article, Tucker, J. L., Jr.: Pharmacology of ophthalmologically important drugs, the Bulletin 13:191-222, June 1965.

The four structural formulae shown below are corrections of those appearing in Dr. Tucker's article.
