HENRY FORD HOSPITAL
MEDICAL JOURNAL

SPRING 1969
CONTENTS

Pulmonary Angiograms and Isotope Lung Scans — Their Role in the Diagnosis of Pulmonary Embolism 3
Robert S. Ormond, M.D., Ellet H. Drake, M.D., Richard A. Rideout, M.D., and Sudarson Misra, M.D.
Limitations and usefulness of these diagnostic tools and when they should be used.

Pacemaker Induced Ventricular Tachycardia — Report of a Case with the "Runway Pacemaker" 15
Remigio Garcia, M.D., and Eduardo Arciniegas, M.D.
Recognition and treatment of this emergency.

Bovine Testicular Antihyaluronidase in Rabbits — Production and Purification 19
Gerald Fine, M.D., Sheikh M. Saeed, M.B., B.S., and Gerald A. LoGrippo, M.D.
A monitoring system for antiserum production.

Pathology of Secretory Otitis — A Temporal Bone Report 25
Luiz F. Perez DeMoura, M.D., and Royal C. Hayden, Jr., M.D.
Even the non-ENT-oriented physician will find this report useful.

Sjogren's Syndrome in Childhood: Report of a Case 35
Howard Duncan, M.D., Bruce N. Epker, D.D.S., and Gerald M. Sheldon, M.D.
Rare case of an "adult" disease in a child.

C. LESLIE MITCHELL DAYS SERIES:
I. Slipped Capital Femoral Epiphysis (Followup Study) 43
C. Leslie Mitchell, M.D.
The author's first written summary of his experience with this orthopedic surgical procedure.

II. Osteochondroma of the Vertebra 53
C. H. Hickey, M.D.
Early awareness by clinical orthopaedists can lead to successful excision of this rare and dangerous lesion.

III. Derotation Osteotomy of the Femur in Cerebral Palsy 59
James R. Glessner, Jr., M.D.
Another comparatively rare orthopaedic surgical procedure.

NOTES AND COMMENTS:
I. A Hazard of "Diet Pop" 63
Charles Wolf, M.D.
A timely warning for pediatricians and their patients.

II. Vasostomy — A Simplified Technique 67
Edward E. Steinhardt, M.D.
Reversal is simple when sterilization has been done with care.

Publications of the Staff — Titles and Selected Abstracts 71
