Referring Physician Office

Henry Ford Hospital has established a Referring Physician Office to serve the referring physician, the referred patient, and to provide special attention to their needs.

Associated with this office is the Henry Ford Hospital 24-hour toll-free physician consult line which puts physicians in touch with senior staff physicians on an immediate basis, 24 hours a day, 7 days a week.

The Referring Physician Office is staffed Monday through Friday, 8:00 a.m. to 5:00 p.m. The phone number is (313) 876-1461.

The 24-hour, toll-free physician consult line can be accessed by calling 1-800-662-8242.

Laser Bronchoscopy

November 8-10, 1984
Room 2055, Education and Research Building
Henry Ford Hospital
Detroit, Michigan

This course is designed to provide the practitioner with basic knowledge regarding laser bronchoscopy with hands-on experience in an animal laboratory. It will feature basic principles of laser physics, treatment techniques for benign and malignant airway diseases using different types of lasers, anesthetic techniques (local and general), prevention and management of complications, and methods for setting up and marketing a laser unit.

Registrants should be experienced bronchoscopists in the fields of pulmonary medicine, thoracic surgery, or otorhinolaryngology. Enrollment is limited to physician and support personnel.

CME credit for this program will be granted on an hour-for-hour basis in accordance with your attendance. For further information contact Continuing Medical Education, Henry Ford Hospital, 2799 W Grand Blvd, Detroit, MI 48202 (313) 876-3073.

Correction
Vol. 32, No. 1, 1984: On pg. 3, col. 2, Dr. Robert O'Bryan should be listed as the author of "Screening of Patients at High Risk for Cancer," not as the author of "Family History as a Marker for Increased Risk of Breast Cancer and Colon Cancer." Dr. Robert A. Norum is the author of the latter article.
