Announcements

Future Meetings

Workshop in Modern Dissection Techniques of Bone Biometals and Bioplastics

October 6-11, 1986

Program Director: Manuel Dujovny, MD

Designed for neurosurgeons and orthopedic surgeons, this course explores current concepts in boneworking through lectures, conferences, and clinical procedures on video. Surgeons will participate in hands-on workshops with advanced pneumatic instrumentation and will be furnished sufficient materials and advice necessary for any special procedure.

Infections in the Diabetic

October 7, 1986

Program Director: Louis Saravolatz, MD

Endocrinologists will find this course useful and informative.

Seminar and Workshop on Laser Bronchoscopy

October 9-10, 1986

Program Director: Paul A. Kvale, MD

Designed for pulmonologists and thoracic surgeons, this course provides the practitioner an opportunity to become skilled in the use of CO₂ and YAG lasers. Enrollment is limited.

Clinical Management of Tachycardias and Bradycardias

October 11, 1986

Program Director: Charles Webb, MD

All cardiologists and primary care physicians will find this course useful.

Primary Care Medicine Series—Part III

October 25, 1986

Program Director: Wilmer Rutt, MD

Designed for general internists, family physicians, physician assistants, and clinical nurse specialists, this seminar focuses on common problems encountered in adult general medicine, with emphasis on office management. This program will feature geriatric medicine.

Complications of Corticosteroid Therapy

November 8, 1986

Program Director: Howard Duncan, MD

Designed for internists, family practitioners, and orthopaedists, this course will present the various side-effects of cortisone therapy as it relates to various specialties. Basic principles, common pitfalls, and appropriate management will be emphasized.

Carcinoma of the Breast

June 1987

Program Director: Beatrice L. Madrazo, MD

The interdisciplinary approach to treatment will be presented. All primary care physicians will find the program informative and useful.

Referring Physician Office

Henry Ford Hospital's Referring Physician Office has a 24-Hour Consult Line (1-800-662-8242 in Michigan, 1-800-521-7946 in the USA). Physicians can call toll-free to discuss patient problems with a member of the senior medical staff, to discuss a possible referral, arrange medically supervised transportation, or to obtain general information about Henry Ford Hospital's wide range of services.
