Indications for Acute and Chronic Digitalis Administration in Heart Failure
M. Gheorghiade, MD

Beta-Adrenergic Blocking Agents in Congestive Heart Failure
S. Goldstein, MD

New Positive Inotropic Agents
S. M. Jafri, MD
J. A. Bristol, PhD

Continued on back cover
The Henry Ford Hospital Medical Journal is published quarterly by Henry Ford Hospital and is distributed to Henry Ford Hospital staff, alumni, and to medical centers, libraries, and physicians in the United States and abroad. It is also sent, upon request, to medical students in their third and fourth years of medical school. Medical students should state the year of their graduation when requesting the Journal. Requests should be sent to the Medical Journal Office, 2015 Education and Research Center, Henry Ford Hospital, 2799 W Grand Blvd, Detroit, MI 48202.

For changes of address, please enclose the old address label, give the complete new address, and allow six weeks for processing.

The Journal publishes the work of any current staff member or resident of Henry Ford Hospital, alumni, and participants in academic and scientific activities, meetings, and symposia sponsored by Henry Ford Hospital. The Journal is listed by Index Medicus and is intended to be a broad scientific forum for all areas of interest: clinical, research, technical, administrative, medical ethics, and patient care delivery. Complete instructions for authors wishing to submit a manuscript are printed at the back of the first issue of each year.

Back copies of the Journal are available from University Microfilms, 300 N Zeeb Rd, Ann Arbor, MI 48106, as 3.5 mm microfilms (Vols 1-20) or as 16 mm films (Vols 19-present).
