Future Meetings

Long-Term Management of Acute Myocardial Infarction
April 12, 1989
Program Director: Sidney Goldstein, MD
This program will inform physicians of new developments in the treat­ment of acute myocardial infarction.

Workshop in Image-Guided Stereotaxis
May 17-19, 1989
Program Directors: Manuel Dujovny, MD, and Lucia Zamorano, MD
This workshop will describe state-of-the-art stereotactic neurosurgery, including three-dimensional and multiplanar computed tomography (CT)/magnetic resonance imaging surgical preplanning, endoscopic-laser therapy, microscope-CO₂ laser resection, interstitial irradiation, intracavitary radiotherapy, convergent beam external radiotherapy, three-dimensional dosimetry, and functional stereotaxis (movement disorders, pain, epilepsy). This will be accomplished by lectures and hands-on training utilizing the Riechert-Mundinger system rotating with CT scanner, CT console, three-dimensional workstation, specific adapted instrumentation (biopsy forceps, convergent beam, hematoma evacuators), endoscopes, radiofrequency system, electrodes, three-dimensional software, Nd-YAG laser, CO₂ laser, and microscope.

Michigan Urological Society Annual Meeting
May 24, 1989
Program Director: Riad Farah, MD

Twelfth Annual Alumni Meeting, Department of Ophthalmology
June 2-3, 1989
Program Directors: David D. Bogorad, MD, and Leslie J. Fisher, PhD

Annual Meeting of the Association of Professional Sleep Societies
June 22-25, 1989
Washington, DC
Program Director: Thomas Roth, PhD

For further information on these meetings, contact the Office of Medical Education, Henry Ford Hospital, 2799 W Grand Blvd, Detroit, MI 48202, at (313) 876-3073.

MEN-2 Workshop
The Third International Workshop on Multiple Endocrine Neoplasia Type 2 Syndromes will be held September 28-30, 1989, in Heidelberg, West Germany. Some of the papers presented at the Workshop will be published in this Journal, as were those from the previous two workshops (see Vol 32, No 4, 1984, and Vol 35, Nos 2 & 3, 1987).
For further information contact Dr. Friedhelm Raue, Medizinische Klinik, Universitat Heidelberg, Bergheimerstr. 58, 6900 Heidelberg, W Germany.

Physician Recruitment
The Physician Recruitment Office acts as a central referral point where candidates can obtain information about staff positions available at Henry Ford Hospital and its satellite locations. The Office can help to arrange interviews, provide information on all aspects of the Henry Ford Hospital system, and provide relocation support. For further information, contact Ms. Ann Korinek at (313) 876-1113, or 1-800-888-4340, extension 61113.

Referring Physician Office
Henry Ford Hospital's Referring Physician Office has a 24-Hour Consult Line (1-800-662-8242 in Michigan, 1-800-521-7946 in the USA). Physicians can call toll-free to discuss patients' problems with a member of the senior medical staff, discuss a possible referral, arrange medically supervised transportation, or to obtain general information about Henry Ford Hospital's wide range of services.
Child Life: Meeting the Psychosocial Needs of Children and Families in the Hospital 222
  C.O. Newman, MS, RNC
  C.G. Klingheil, MS, RNC
  R.B. Abrams, MA, RNC

Adolescent Pregnancy and Sexually Transmitted Diseases: Case Report 227
  R.L. Holloway, MD
  R. Smith, MD

The Role and Success of School-Based Clinics 230
  T.A. Joiner, MD

Setting Up an Adolescent Clinic in a Suburban Pediatric Office Group Practice 232
  P.K. Stoltz, PAC, BA
  K.B. Blumer, MD
