**Future Meetings**

Contemporary Management of Benign and Malignant Diseases of the Prostate  
August 9-10, 1991  
Course Directors: Brian J. Miles, MD, Aaron K. Kirkemo, MD, and Joseph C. Cerny, MD  
Location: Ritz-Carlton Hotel, Dearborn, MI  
This conference is first in a planned series of scientific updates on genitourinary problems. This program will review the epidemiology, pathology, and biological behavior of benign and malignant diseases of the prostate. Discussions will center on multidiscipline modalities of the diagnosis and management of these diseases. The participants will be able to: 1) discuss the epidemiology and biology of adenocarcinoma of the prostate; 2) discuss the role of PSA and ultrasonography in the diagnosis and management of prostate cancer; 3) discuss the treatment of advanced prostate cancer; 4) understand the rationale for medical management of benign prostatic hyperplasia; and 5) discuss alternative invasive procedures for treatment for BPH.

Second Annual Anesthesiology Symposium  
August 23-25, 1991  
Program Director: Fathy S. Gabriel, MD  
Location: The Dearborn Inn, Dearborn, MI  
This symposium is intended to provide anesthesiologists, residents, and CRNAs with an update on the latest developments in clinical anesthesiology. The program will emphasize clinical issues, controversial aspects of patient care, and medicolegal aspects of the practice of anesthesia.

For further information on these meetings, contact the Office of Medical Education, Henry Ford Hospital, 2799 W Grand Blvd, Detroit, MI 48202, at (313) 876-3073.

**MEN Workshop**

The Fourth International Workshop on Multiple Endocrine Neoplasia will be held October 2-5, 1991, in Houston, Texas. For program and registration information contact Robert F. Gagel, MD, Chief of Endocrine Service, Veterans Affairs Medical Center, 2002 Holcombe Blvd, Houston, TX 77030, (713) 795-7484.

**Referring Physician Office**

Henry Ford Hospital’s Referring Physician Office has a 24-Hour Consult Line (1-800-999-4340). Physicians can call toll-free to discuss patients’ problems with a member of the senior medical staff, discuss a possible referral, arrange medically supervised transportation, or obtain general information about Henry Ford Hospital’s wide range of services.
